

AIRFEET® ESD INSOLES ELECTROSTATIC DISSIPATIVE

There is a direct connection between how you feel on your feet and how you focus on your job. Distractions due to pain, fatigue and exhaustion create a high risk for accidents. AirFeet® ESD insoles features dynamic technology that is super thin to fit into all types of ESD footwear, providing comforting relief to the challenges of fatigue and work-related injuries.

- ◆ Work like electrostatic mats but with the benefit of being able to move freely about
- ◆ Ergonomic design for comfort, fatigue, back, hip, knee and foot pain
- ◆ Naturally fits ESD safety footwear
- ◆ ASTM F2412/F2413 certified to assure safety & compliance within an ESD sensitive workplace
- ◆ Absorbs and disperses impacting energy in milliseconds
- ◆ Industry tough - designed for durability and ergonomic responsiveness
- ◆ 2MM thick to fit all ESD footwear, no need to remove existing insole
- ◆ Interchangeable, machine washable and reversible for maximum life
- ◆ Natural odor protection M.A.P.

Static charge is dissipated through ESD insoles

Applications

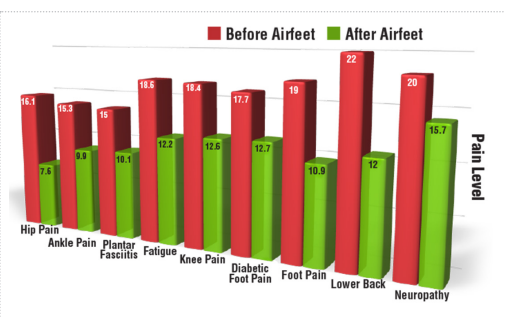

Electronic Assembly	Research & Development
Paint & Chemical	Explosive Environments
Laboratory Environments	Improves Ergonomics
Test & Inspection	Works with EDS-rated footwear
Cleanrooms	High Static Areas
